

## The Nevada County Superior Court & The Nevada County Bar Association Present: The 23<sup>rd</sup> Annual Family Law Update Self-Study

“I wish I could tell you all ‘It’s Showtime!’ in person this year, but we are continuing to look after everyone during this time.”  
– Commissioner LaChance

---

Hello,

I hope all of you are staying safe and healthy. The votes are in from all of you this year, and the overwhelming majority of you have requested that this year’s Family Law Update take the form of a self-study option. This option will be free of charge to all attorneys who request the self-study materials. The materials will provide 4 hours of MCLE credit. The final materials will be available upon request by April 15, 2021. Please let us know by March 30, 2021 if you would like the materials for self-study. Thank you all for your patience and understanding during this time. I am hopeful that we will all be able to get together again for the update in 2022.

Take care,

Commissioner LaChance
